SUMMARY

INDIVIDUAL

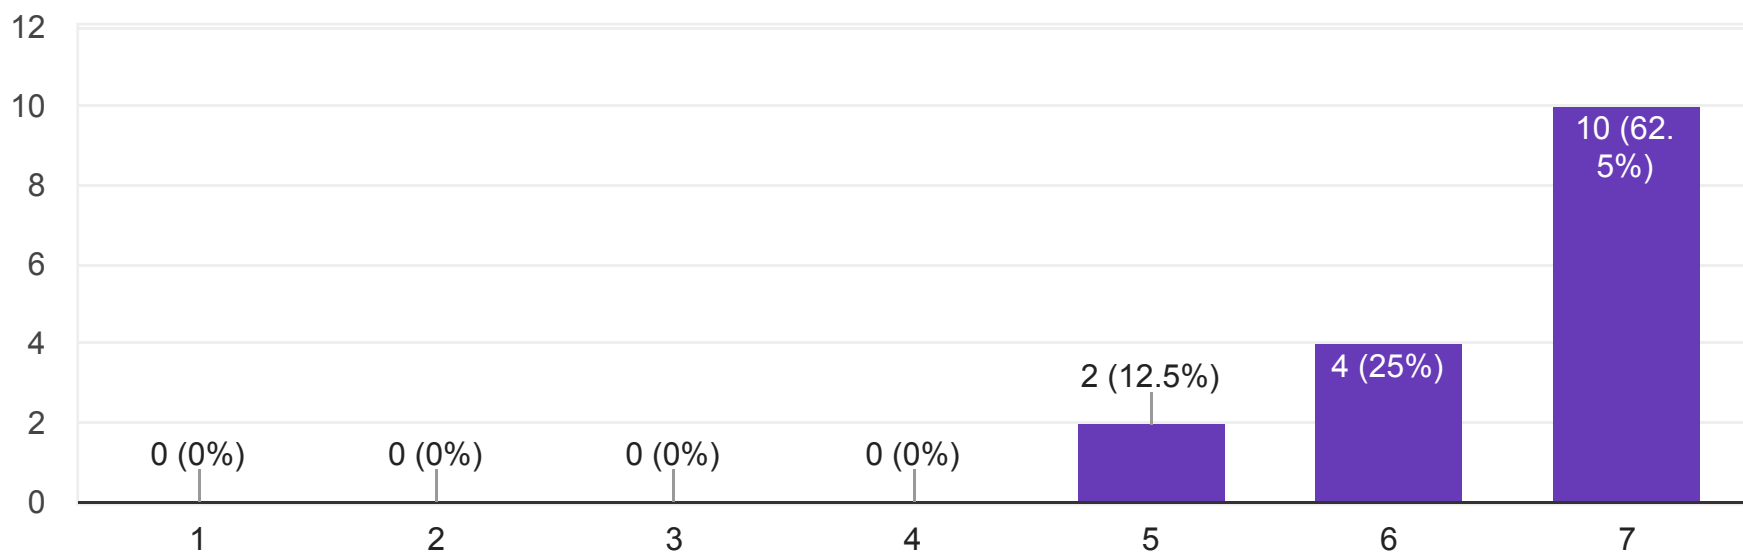

The aims of the meeting were well-defined

16 responses

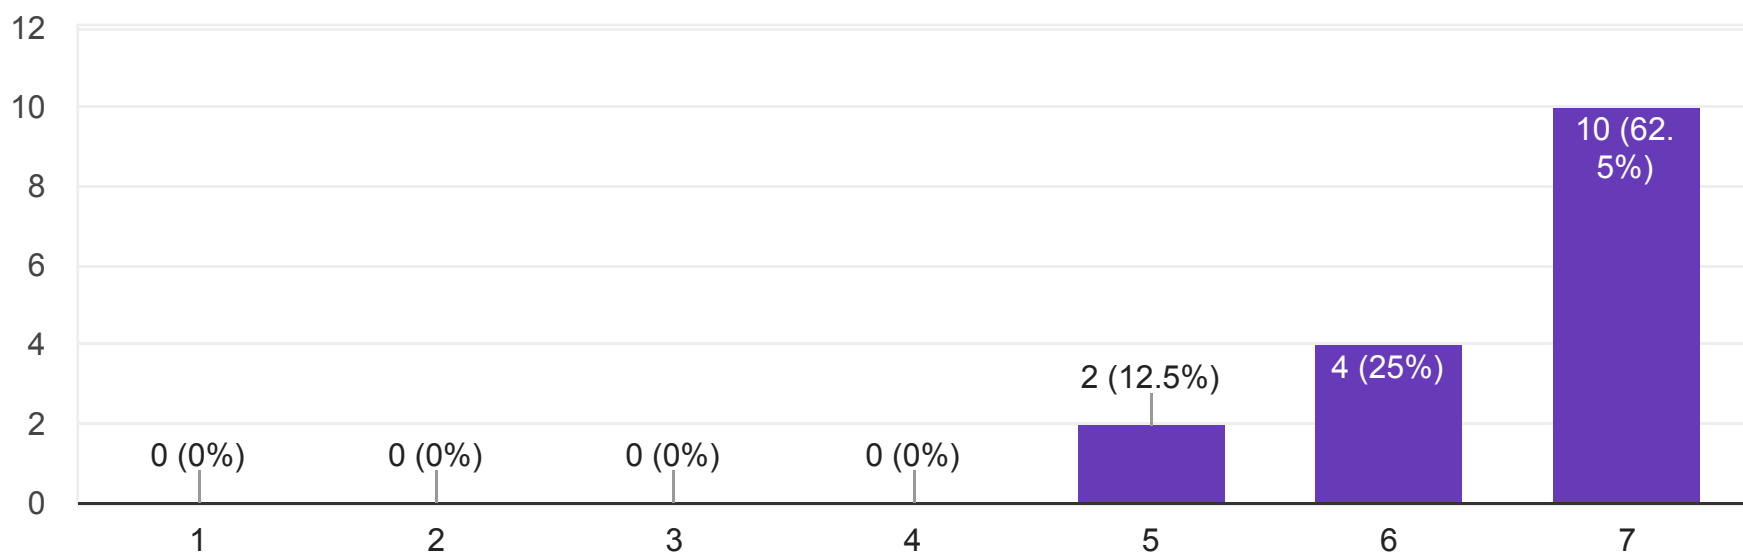

The defined aims of the meeting were achieved

16 responses

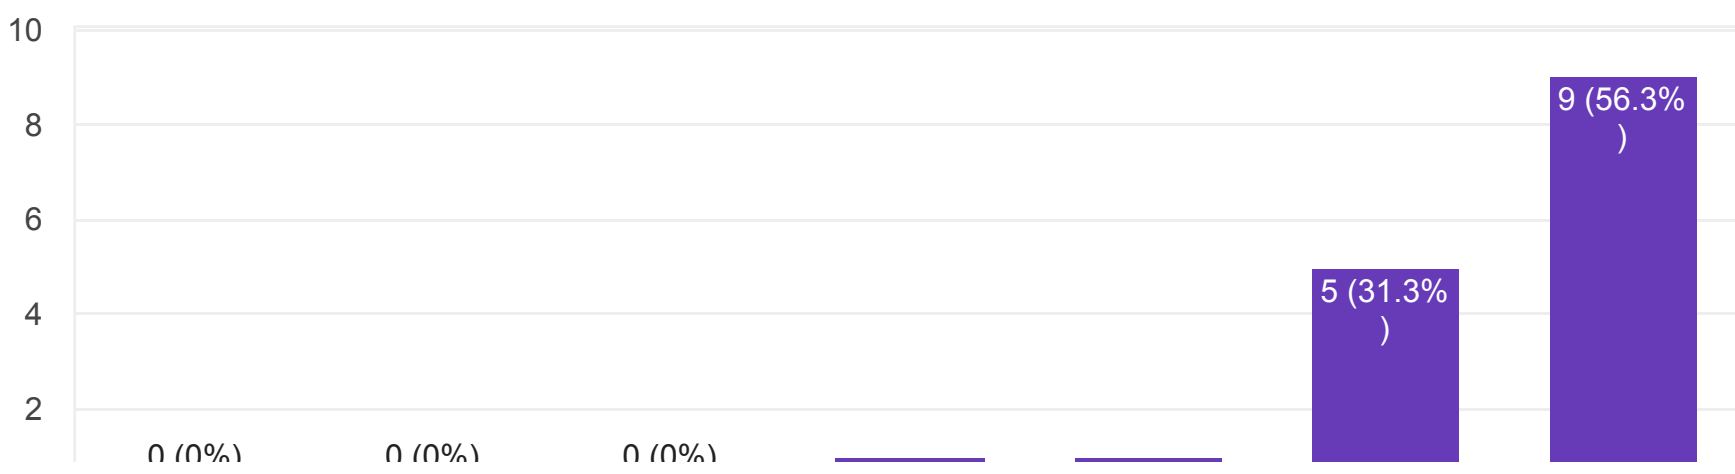

The meeting was well organised

16 responses

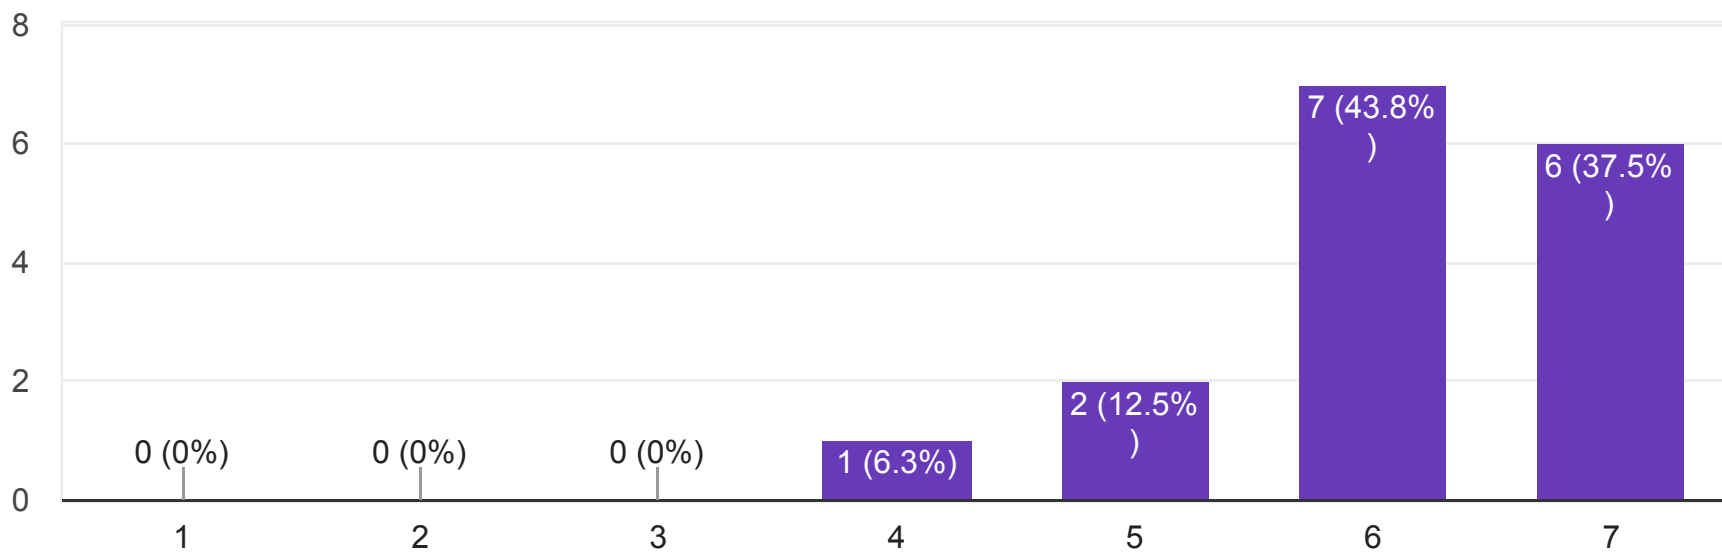

The course fulfilled my educational requirements

16 responses

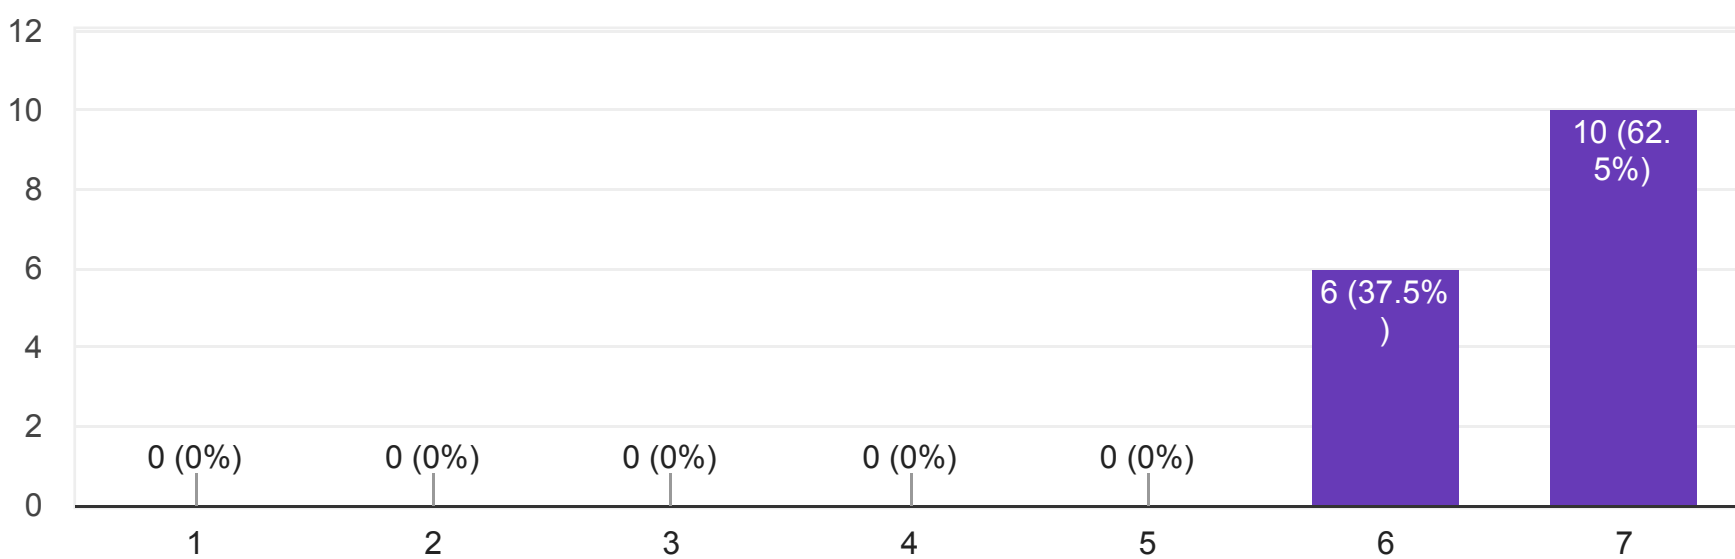

Laser Physics- CE

16 responses

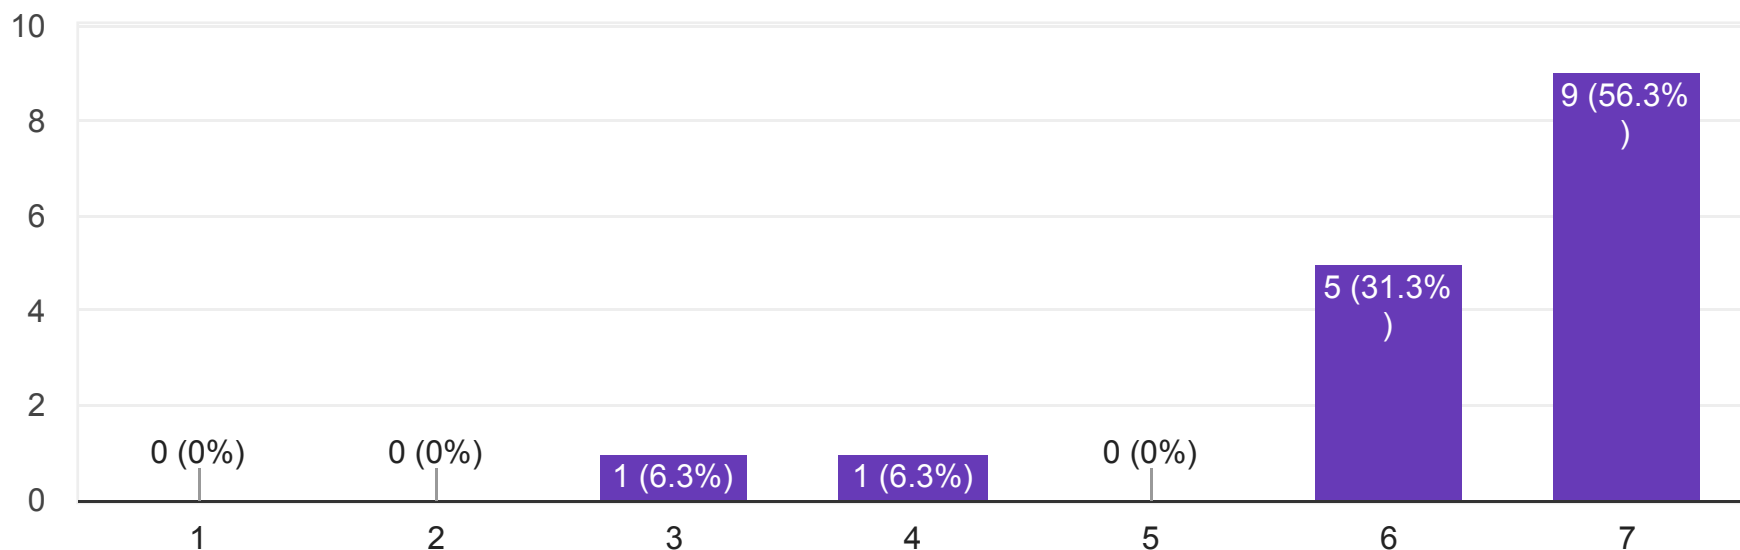

Basics of Laser surgery- MW

16 responses

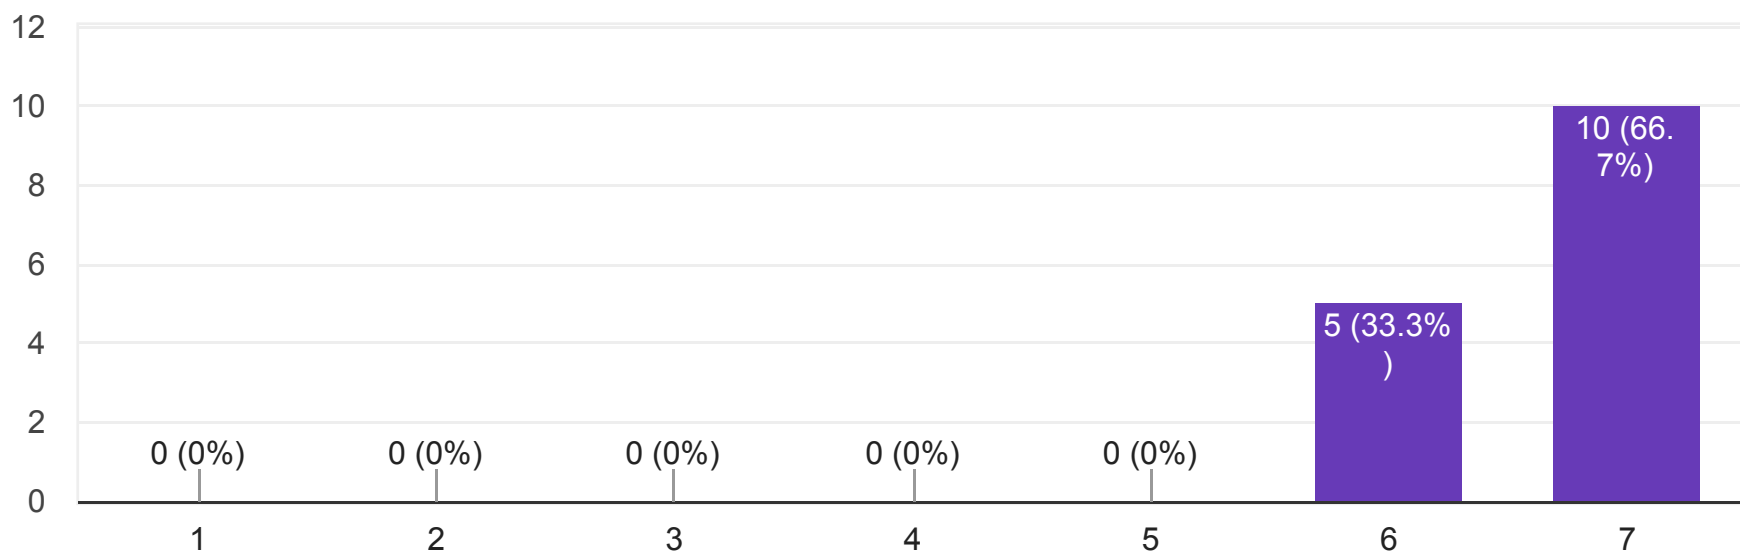

Anaesthesia in airway surgery- KM

16 responses

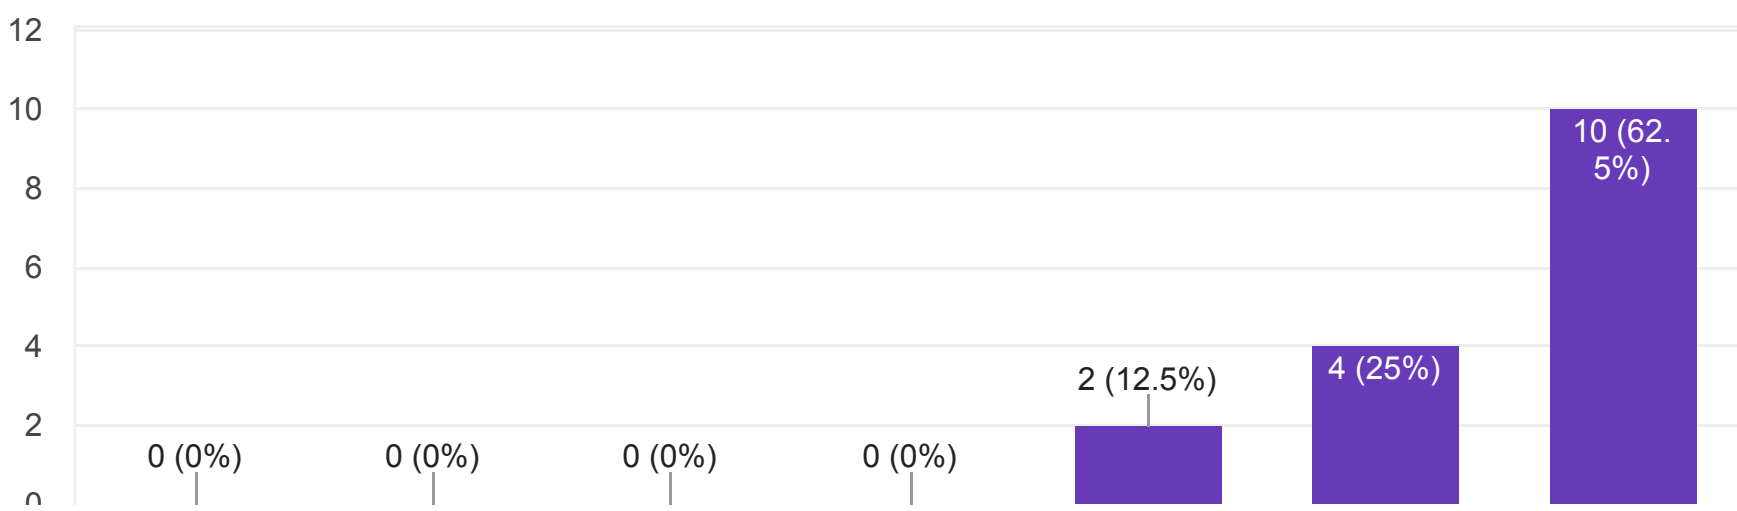

CO2 Laser partial arytenoidectomy- YK:

15 responses

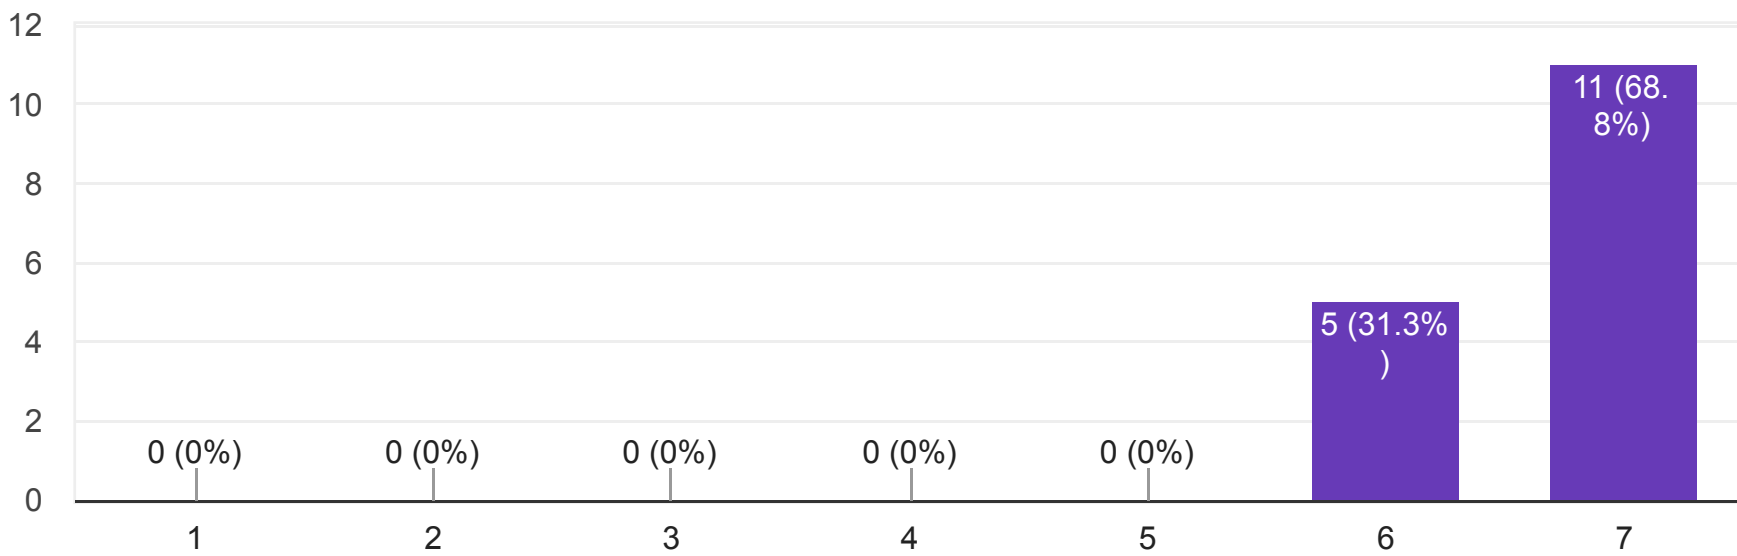

Laser airway surgery in Children- KS

16 responses

Laser TA myoneurectomy spasmodic dysphonia-YK

16 responses

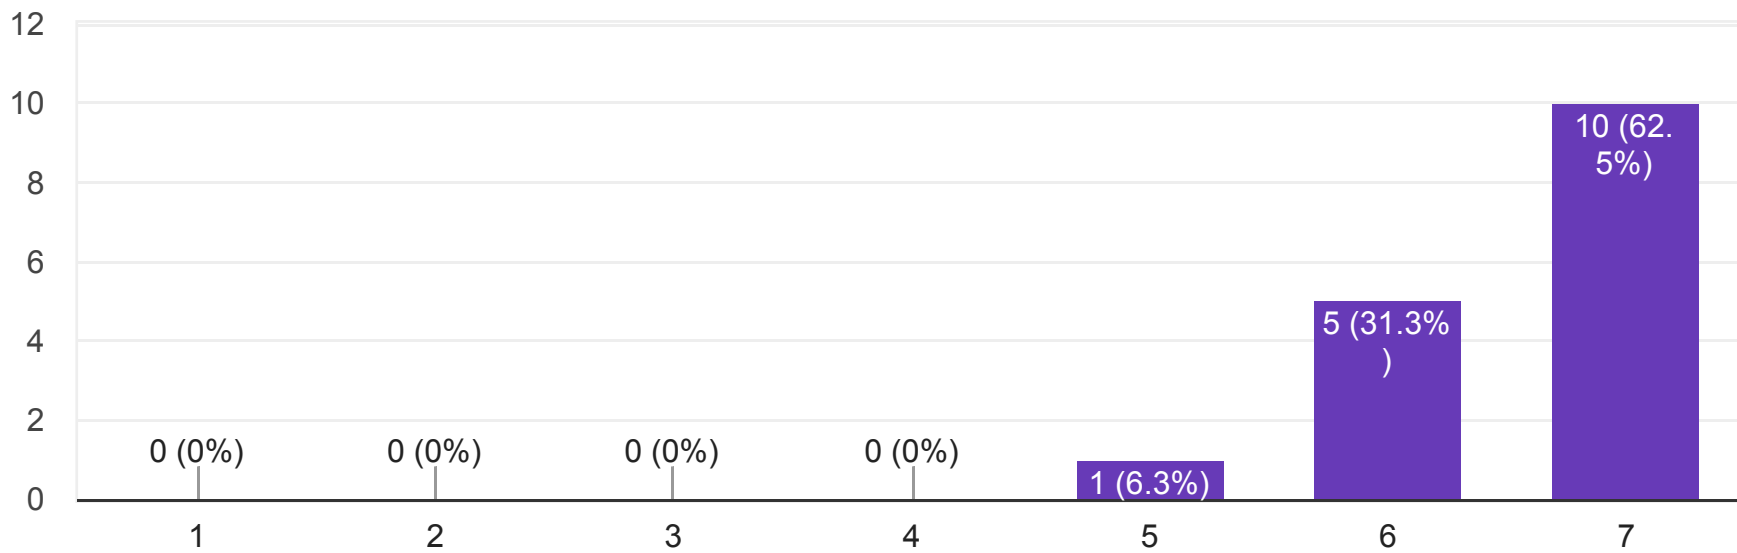

LT anatomy & Intubation lesions- KS

16 responses

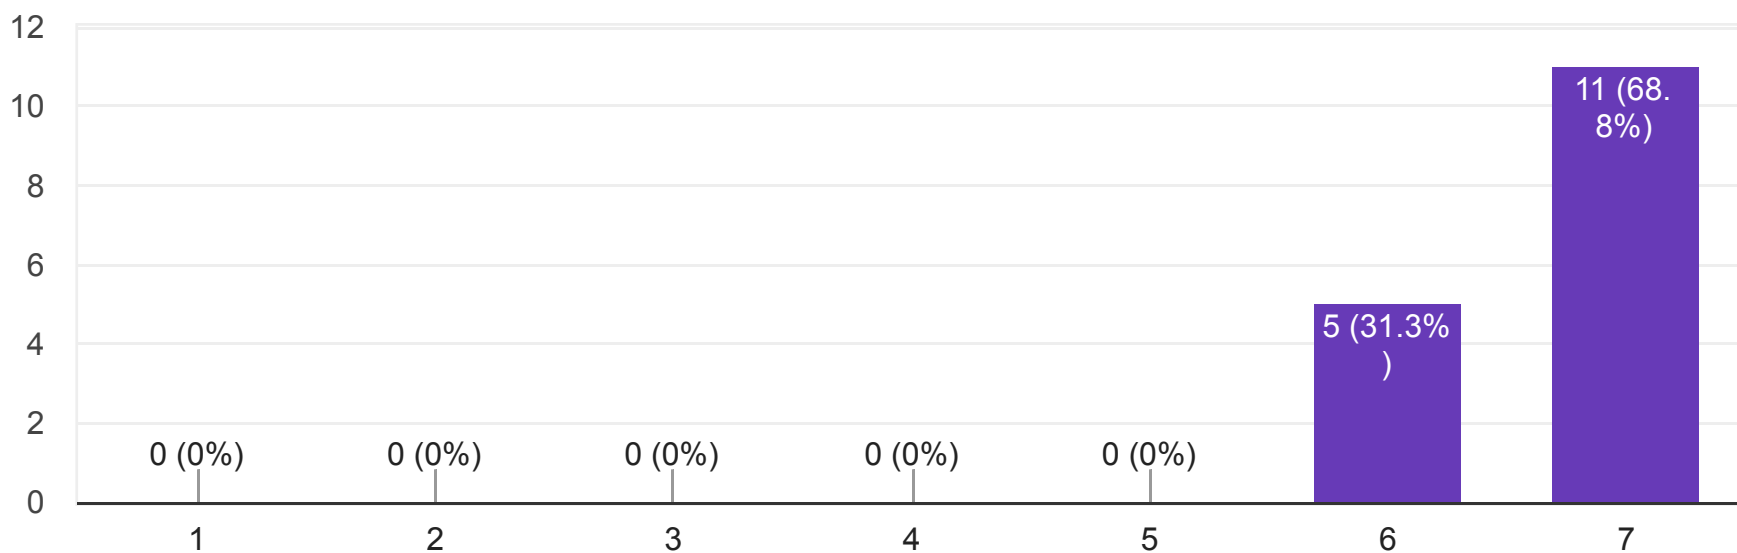

Endoscopic treatment LT stenosis- KS

16 responses

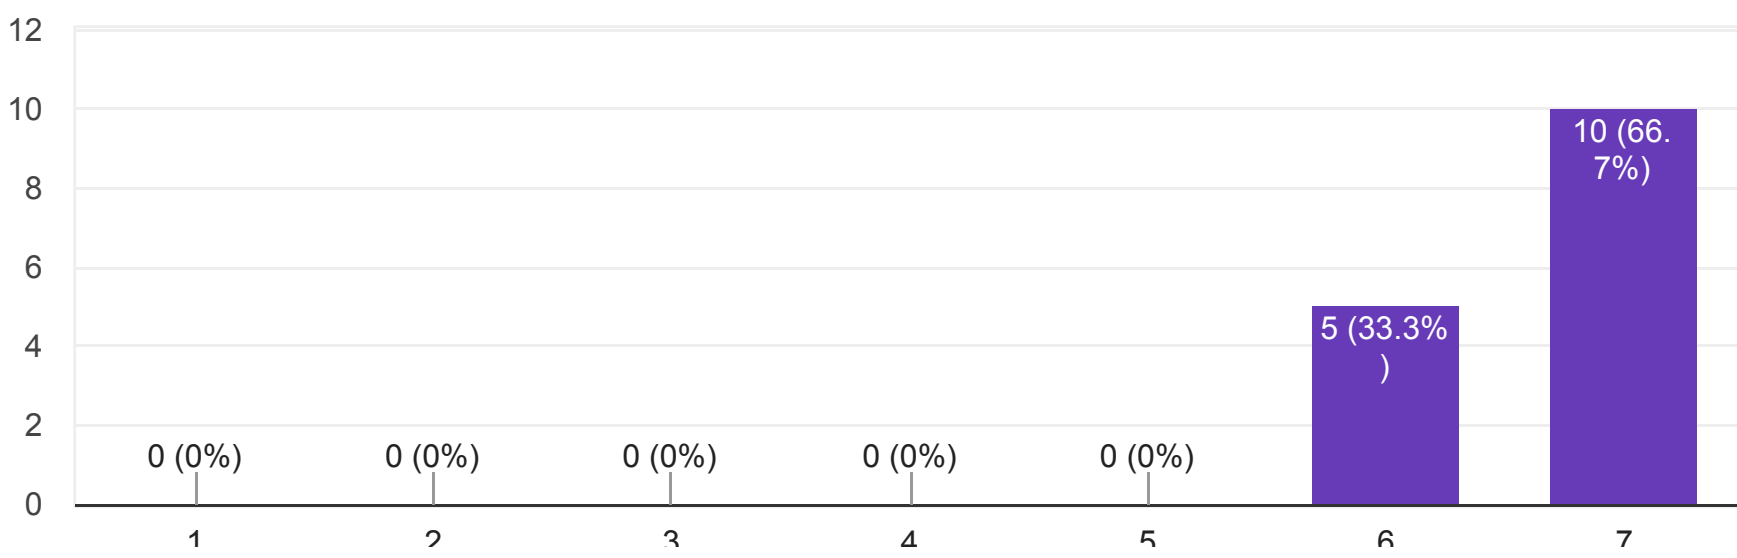

CO2 Laser glottoplasty for pitch rising- AG

16 responses

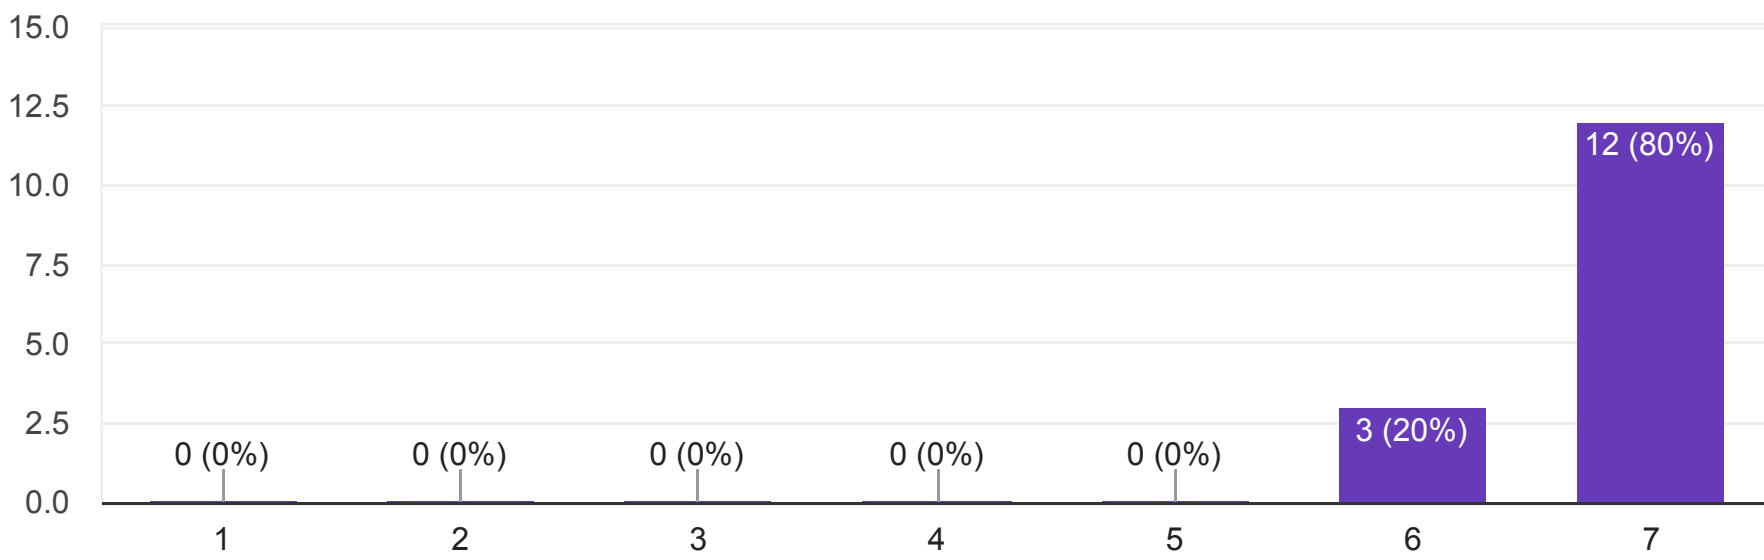

RRP surgery: KTP, CO2, Coblation, Microdebrider-YK

15 responses

CO2 laser pharyngeal pouch- MW

15 responses

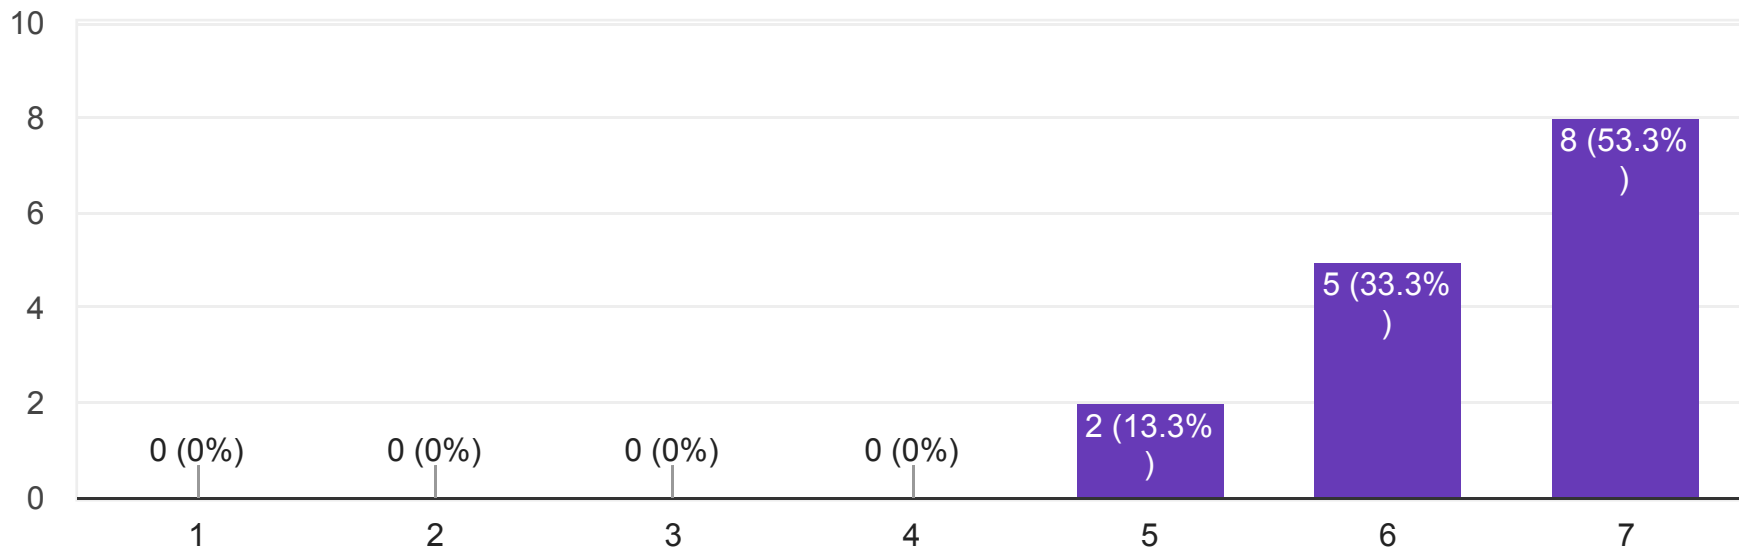

Laryngotracheal reconstruction & rib cartilage harvest- IB

15 responses

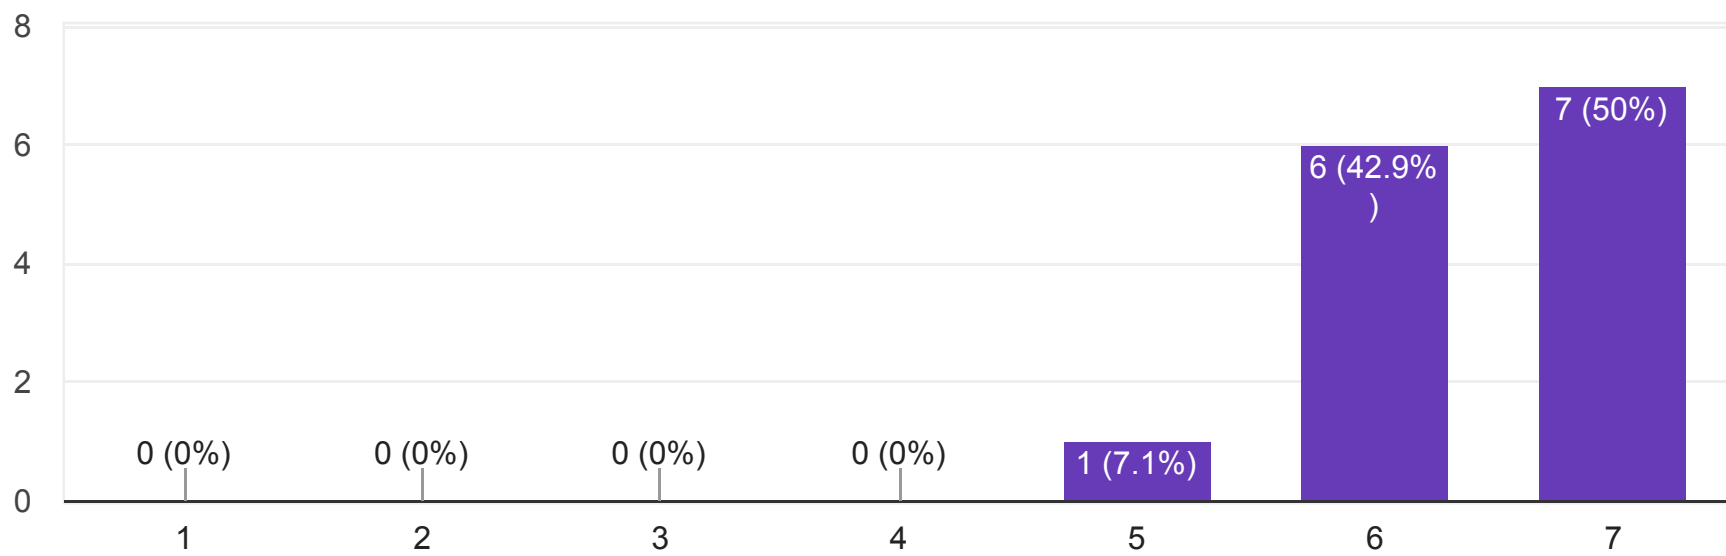

Cricotracheal resection- KS

15 responses

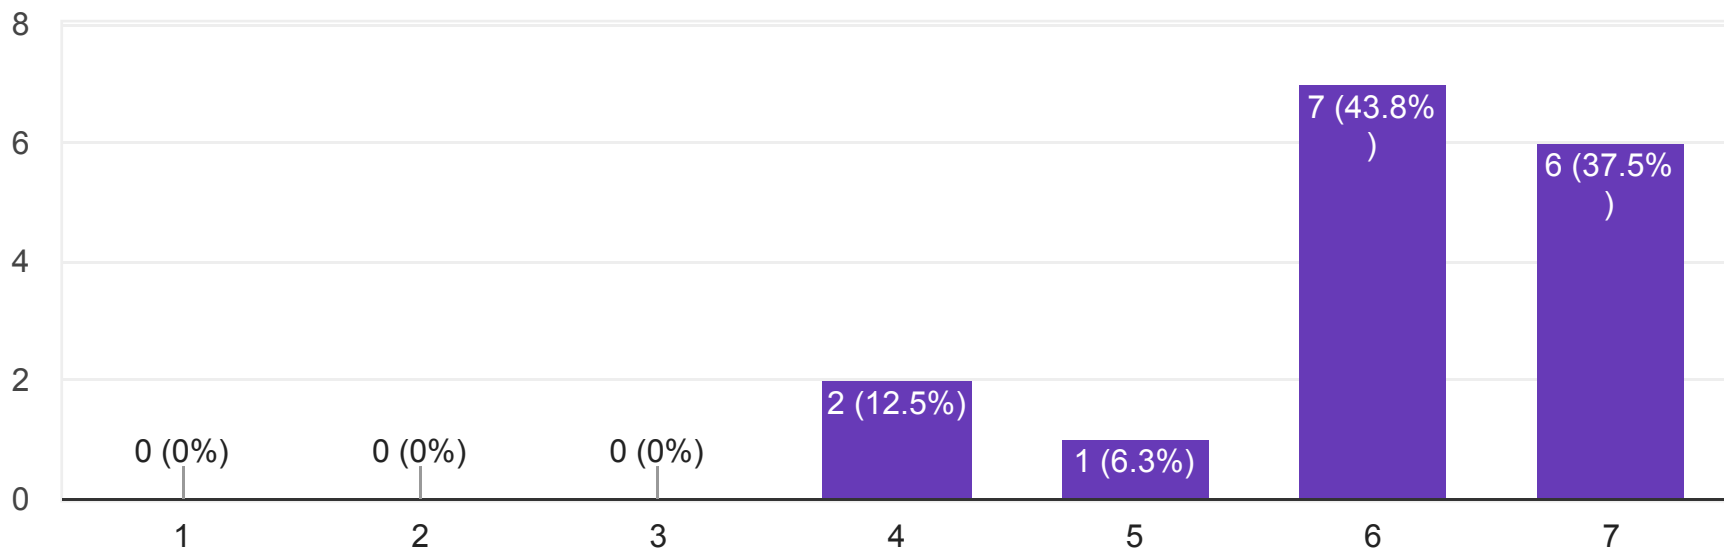

Faculty round table, video cases & discussions

14 responses

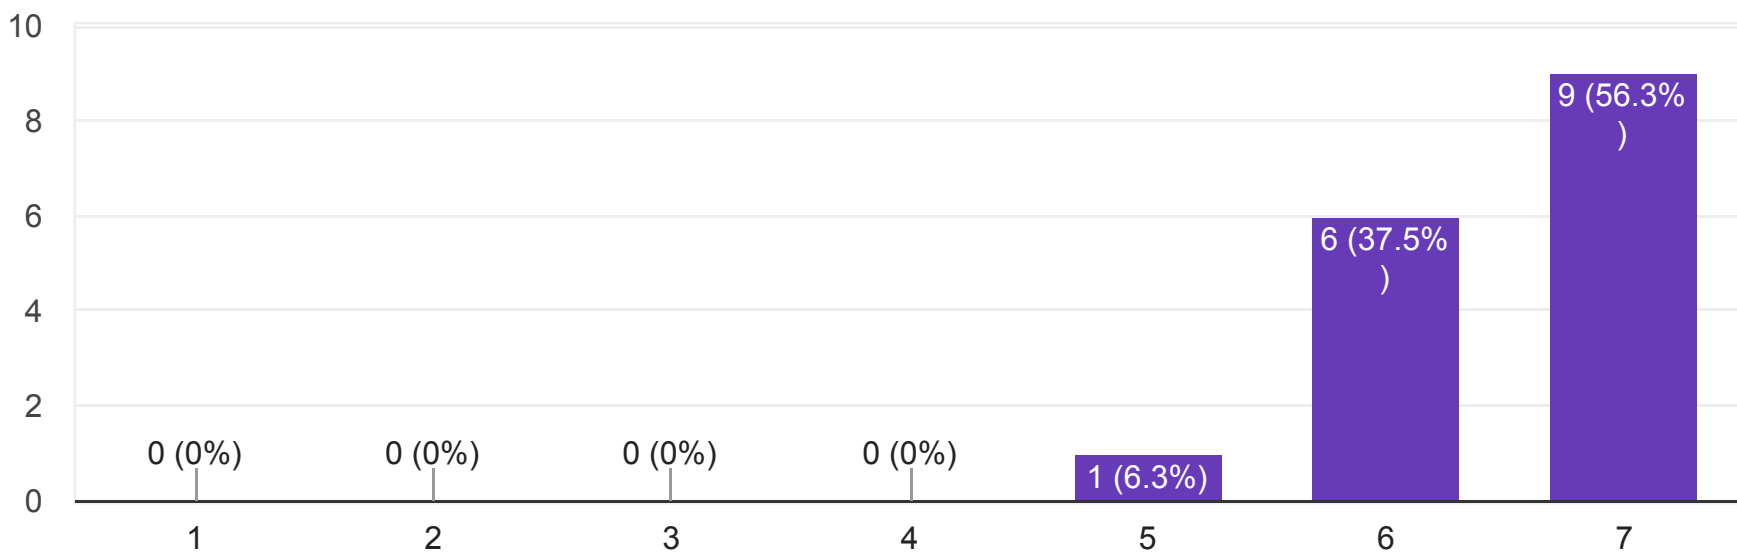

Dissection Part 1: ML, Laser set up, cordotomy, cordectomy, laser laryngomalacia, epiglottopexy, Glottoplasty

16 responses

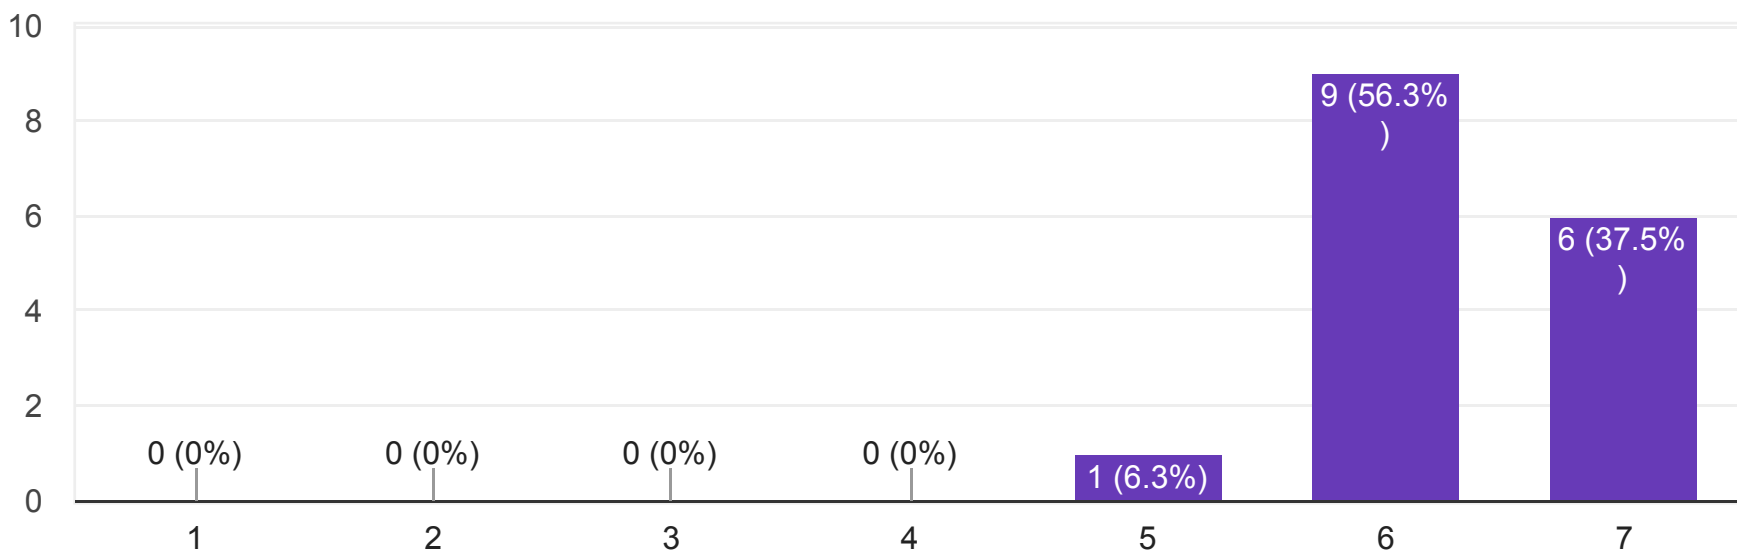

Dissection Part 2: Laser Thyroarytenoid myoneurectomy, pharyngeal pouch, partial arytenoidectomy

16 responses

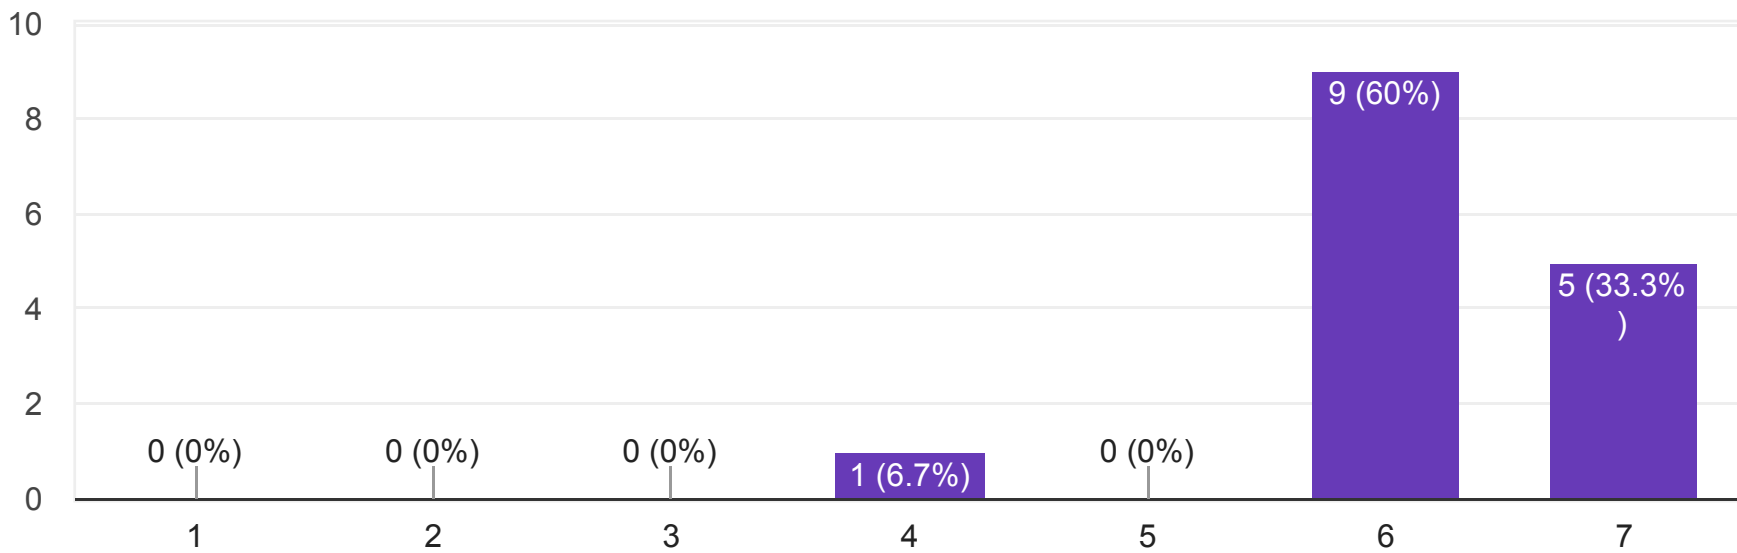

Dissection Part 3: Laryngotracheal reconstruction, rib cartilage harvest, CTR

Excellent course

Very satisfied. Excellent quality of cadavers

Thank you for an excellent course

Thank you

Very useful and informative. Great speakers, interactive, good feedback. Wonder if we could have audio recording in the future to accompany the course as the presentations are given

Some lecture were too quick. It is distracting when lecturers skip slides to finish in time. Very much enjoyed this course. ?Really excellent. Watson is excellent.

Hugely enthusiastic lecturers. Hands-on dissection outstanding. Do not stop providing this unique course. I will send my SpR. Excellent teaching

Hope to come again
